Dear Shareholder,

We are writing to inform you of certain changes we are making to the Company and the Funds, which are summarised below and will be effective on 21 May 2024 (the “**Effective Date**”), unless otherwise stated.

Please see “**Options Available to You**” below for further information on how to respond to this notice.

Changes applicable to the Biotechnology Fund in relation to its classification under the EU Sustainable Finance Disclosure Regulation (“SFDR”)

The prospectus will be updated from the Effective Date to reflect that the Fund promotes environmental and / or social characteristics as defined under Article 8 of SFDR.

An Article 8 fund under SFDR is classified as a fund that:

“Promotes, among other characteristics, environmental or social characteristics, or a combination of those characteristics, provided that the companies in which the investments are made follow good governance practices”

From the Effective Date, the Fund will introduce the following new binding criteria to its investment strategy:

The Fund will / the Investment Manager will:

- apply screens to ensure at least 80% of the portfolio is invested in companies with an ESG risk rating of BB or higher by MSCI or equivalent; and
- engage with issuers in breach of UNGC principles and will only invest or continue to be invested if it considers through such engagement that they are on track to improve. If the issuer does not achieve a “pass” rating within 24 months, it will divest and screens will be applied to exclude the issuer.

In addition, the Fund will also apply the Firmwide Exclusions Policy to all the investment decisions made by the Investment Manager. The Firmwide Exclusions Policy may be updated from time to time. Presently, investment is not permitted in entities involved in the current manufacture of, or minority shareholding of 20% or greater in a manufacturer of controversial weapons, namely: (i) Cluster munitions; (ii) Anti-Personnel mines; (iii) Chemical weapons; (iv) Biological weapons.
